

skn_handle_display
_command_line

```
graph LR; A[skn_handle_display_command_line] --> B[skn_display_print_usage]
```

A diagram showing a call from the function `skn_handle_display_command_line` to the function `skn_display_print_usage`. The first function is in a grey box, and the second is in a white box. A blue arrow points from the right side of the first box to the left side of the second box.
